Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S. C. 121:
 - I. Claims 1-13 and 22 drawn to methods, systems and programs for establishing connection via primary connection and access controlling, classified in class 709 subclass 228 and 225.
 - II. Claims 14-18, 21, 23-24 and 27 drawn to methods, systems, and programs for generating correlating and presenting specific information, e.g., connection information, classified in class 707 subclass 102.
 - III. Claims 25-26 drawn to methods, systems, and programs for arranging graphic presentation, classified in class 715 subclass 517.
2. The inventions are distinct, each from the other because of the following reasons:
Inventions I, II and III are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I has separate utility such as decision making whether to use a primary connection and authentication; Invention II has separate utility such as generating primary connection information correlation information; Invention III has separate utility such as identifying display region for displaying information. See MPEP § 806.05(d).
3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

4. Because these inventions are distinct for the reasons given above and the search required for each of Groups I-III is not required for each of the other Groups, restriction for examination purposes as indicated is proper.
5. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.
6. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement is traversed (37 CFR 1.143).
7. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bunjob Jaroenchonwanit whose telephone number is (703) 305-9673. The examiner can normally be reached on 8:00-17:00.
